sample genomes
& build phylogeny

A diagram showing a vertical stack of four colored squares: light blue, light purple, light green, and light cyan. The squares are arranged vertically, with the light blue square at the top and the light cyan square at the bottom. A curved arrow points from the light blue square to the light cyan square, with the text 'sample genomes & build phylogeny' written along the curve. The dimension '←755→' is indicated between the light blue and light purple squares.
